You are most generous with your time and professional talents to share with the parishioners

You are clear, practical, down to earth and simple.
What you presented resonates with me profoundly!
Now, I don't feel like I am out of step!
The world is too technical, too impersonal; complex and can not deliver excellence!
I have learned so much from you tonight!
Keep going and sharing your gifts with as many people as you can
There are so many needs
Thank you!
